

July 2012 - Obscured stop sign at Anna and Kegle

June 2013 - Obscured stop sign at Douglas and Andrew

Notice to the City of WS Public Public Works from BBCAN

Trees are obscuring the sign. We have witnessed near misses - cars not stopping when bicycles are entering the intersection. Suggestion: Prune the branches to make the sign more visible. Thank you, BBCAN

Outcome: City pruned the branches. Intersections now safer for cars, pedestrians and bicycles.
